

NOBLE HILL

Noble Hill is the only organic grower on the Simonsberg mountain. We follow a regenerative farming philosophy to make delicate, fresh wines with mineral structure. We hope you'll taste the granite character of our soils in every glass!

There are 30 hectares of vineyards on Noble Hill with varying aspects and elevations, perfect for creating harmonious blends. You'll see different keys on each of our wine labels. These keys represent each grape variety that we grow on the estate.
